12:12 A Day of Abundance and Prosperity

Channeled from Divine Mother through Sol'Ara An

Dear Divine Mother, as today is December 12, and it seems to represent the energy of the new wave of the Aquarian age, would you please give me a meditation or prayer that our group can do tonight for all of us on Earth, within Earth and Mother Earth herself? Or something better as your will be done. Thank you Divine Mother!

It is a divine day is it not dear one! Yes, this day is full of potent energies of potentiality that has not been seen upon this planet for over a millennia! It is a high spirit day indeed!

Your choice to have this gathering this evening is one of inspired intuitive knowing on your part, along with your Soul group family's part to move forward the energies of the Divine Feminine brought forth by myself, Divine Mother to offer the spring of a new day!

It is with great honor and compassion that this wisdom is brought now, awakening the hearts of many. In your gathering it is wise to allow the energies of each Soul to add to this meditation of Divine Love and Abundance! Prosperity is the word of the day dear one! This was a gift given to humanity from the beginning and when you are ready to accept the responsibility of this gift of prosperity, it shall be.

So many fear for the lack of money and love and health and yet, in truth, there is no true lack. Yet as you say it is...so shall it be! The law of One is in effect and what affects one affects another. It is so that all may know the truth of One. Love is the way within the heart of all Souls and it is the way to the bridge of light. And so we offer this prayer that you may align yourselves with the energies we will be bringing through you tonight, for as you gather as a group, more is asked of you. In that you honor the peace within yourselves, and the Divine Love you receive, it is then your responsibility to allow this energy to go into the consciousness of all from your own inner conscious awareness. Spiritual awareness precedes the knowing of sacred tenets...awareness is staying in-touch with the heart and being the one that you are above all else. Divine Love compels you forth as the light of your being shines!

Our prayer this day may assist you in moving this energy from your circle of light into the ethers and back down into the hearts and minds of all of humanity...connecting the dots as it were. So thus we suggest:

The Prayer of Abundance and Prosperity through Divine Love

Within the One of all that is let our hearts open to the shining light of abundance and prosperity. Allow dear Father, Mother, God our souls to extend higher into your hearts love and bring us up into your divine love and compassion that we may then move back into our hearts in the temple of our bodies and reach through the human energy matrix with your Divine Love to heal, to awaken, and to move light through where there may be darkness.

Our hearts dear Father, Mother, God stay open... we are grateful and in harmony with your compassion. May we always know your love, and may we always present ourselves to others as the light of your truth: that all are our brothers and sisters of light and all are part of the One.

Lift us up our Father, Mother, God and shine your light through us, that we may allow this light into the heart of our beloved Mother Earth that she too shall shine your light, love, and compassion to all living things upon the Earth, including your children of light!

Our love is our life, and our human vehicles are divinely graced for the infusion of divine light that illuminates now not only our souls, but our bodies upon the Earth as well.

May all receive now from the very core of the heart of our Creators divine grace, allowing the opening door of the light of peace and prosperity for all! And may our prayers this night be heard within the heart of our highest Creator of love, that all who hear our prayer will honor our request for the highest and best good of all concerned within the heart of the One we do now allow ourselves to receive of this gift.

Amen... Amen... Amen

I am Divine Mother, we bless you and keep you within our hearts at all times!
