

## A Newsletter Message from Divine Mother and Sol' Ara An

Hello my dear friends!

I hope that everyone is doing well this day! I have come to understand that this new energy is so much more than many of us realized. I have been going through many changes in the last few months to clear and open my heart as wide as possible. It is a blessing of Divine Love that we are being offered at this time. An open heart, a pure and true desire to learn more of ourselves and to love ourselves, is the true energy of the day. The veils have thinned so much, I, like I'm sure many of you, have found yourselves seeing more "lights" than ever all around us. It's as if the heaven's have opened their doors and all of the Angels are walking among us! Actually, I feel in my heart, that is exactly what is happening.

### DIVINE MOTHER'S MESSAGE:

I offer this message from Divine Mother to my Newsletter members with great love for all of you this day:

*Dear children of light, it is an honor to speak to you this holy moment! I simply wanted to assure you that I am with you all in every moment of your daily life. I understand that many feel the need to crawl up and walk away from their calling...as it may seem too much at this time. I tell you with great love that this is the very moment you each were born for. Take heart dear ones, and know all is well.*

*Everything is truly in Divine Order for all that you need is with you now. Open your hearts just a bit more and look up to your skies, for many rainbows of energy now come gently into your Earth for the love of all humanity! We, your family of light from beyond the veils give you our love and support in this most important and intense time upon your planet. Call on us at any moment, and know we are with you and surrounding you with great light! We come even in the moments of your pain, just when you are ready to surrender even a moment of your life to us...we are glad to assist! Be strong beloved children of light, know I am with you and know that everything that is happening is truly the path all of you chose to bring the Love and the Light of your highest beingness as an awakener and activator of peace. We offer you glad tidings, and joy evermore dear ones, as you awaken to the love of your own hearts. I am with you always!*

*I am Divine Mother, the Feminine Face of God, I and the Holy Father are One!*

The above message was just channeled, directly, as I am writing this newsletter, specifically for all of you this day. I hope that you find Divine Mother's love blessing your heart through her words! I know these words are simply a way to reach us. It is truly the energy of her Divine Love that awakens in our hearts that is the true message.

## WEBSITE CHANGES:

I have added a change to my website for the Meditation I have been doing on Sundays from 11:00 a.m. - 11:30 a.m. central time. I was inspired to channel a new prayer to uplift it into its newly ascended state! I think you will like it. It is "World Peace and Oneness Meditation". As Divine Mother made me aware that we no longer need to pray for healing, as we were never truly in need of it. What we might pray for now is our remembrance... that we are all One...and thus we are at Peace now! I hope you will join me in this prayer each Sunday! I am grateful to all of you that have been joining me, I do feel your support!

## LIGHTWORKER'S SUPPORT:

I have come to realize the importance of all of us, and our great opportunity to awaken the Soul purpose within us, and move forward as the Light beings we are. I have come to know within me, very strongly now, that we all need each other! We truly are a part of each other, and if one of us falls away and does not walk their Soul path, it affects us all. And so with a grateful heart for all of the wonderful people who have supported my work, I know it is important that I also support others in their work. I would like to offer the opportunity to my Newsletter members to receive the following information regarding a very loving and highly gifted, and enlightened woman, Reverend Karen "Kazzy" Holbrook, and the teleconferences that she is offering.

The first one will be this Saturday, May 10th, as a free teleconference. Please take the opportunity to see if these might be your next step. I participated in the teleconferences that she offered last month, and I highly recommend them to anyone whose next step is the true understanding of what Oneness and being connected to the Cosmic pulse really means to their lives and spiritual enlightenment.

Here is an introduction to Rev. Karen "Kazzy" Holbrook:

Ten years ago Kazzy had a massive spiritual and psychic breakthrough, enabling her to access the divine eternal love that is all things.

An intense yearning to maintain this state of beingness and needing to know why and how this happened took her to many mystics and sacred places in the world.

These connections took her deeper and deeper into her own inner knowingness teaching her how to embrace her multi-dimensional self in all its forms, taking her into a space of non-duality, allowing her to embody her own divinity in a much more consistent way.

*The Program has radically changed my life. The Kundalini awakening and balancing program has brought on a whole new sense of being. I am very grateful to be in the program.*
