

## January's Chamber Spotlight

### **Tonkawa Shipping**

Tonkawa Shipping has served the Tonkawa area since 1972. JC Fath, Bob Diemer, and Eddie Hembree are the owners of this business. They have one full time employee, Marcy Potter, who keeps things running Monday through Friday 8:00am-5:00pm at 310 E. Grand. During corn and wheat harvest they are open 7 days a week to help assist the farmers. For many years their business has offered a variety of products to the community such as: Farm supplies, household hardware needs, fasteners and bolts, chemicals for lawn care, and seasonal products like peanuts and pecans. Their future plans are to add more hardware products in the store, but they can order just about anything that you would need or want. If you have never been in the store, take a minute to stop by and look around at the items they have available.
