10, 10, 1400 - Knowing the importance of these numbers can make a difference in Oklahoma's quality of life. Very soon, residents of every household will be asked to complete the form for Census 2010. The form is 10 questions, will take about 10 minutes to complete, and approximately \$1400 federal tax dollars comes back to Oklahoma each year for every person counted on the Census. This money helps to pay for many things associated with the quality of life for Tonkawa – roads, water treatment systems, education programs and libraries, police and fire protection, senior citizen centers, and more. Please stand up and be counted on Census Day, April 1, 2010!
