

## **HEALTH RECOVERY PROGRAM for Enhanced Immune System**

This handout will assist you in determining the best supplements to address your specific health challenge. I also recommend you ***consider adding*** the **Cellular Health Program** that provides your body with over-all health benefits that has helped so many others!

- **Nutriferon** – This product is a powerful discovery. It increases the production of your body's natural interferon, a critical activator of the immune system. This product works at the cellular level in two ways. First it rapidly activates your immune systems defenses and next it mobilizes the immune system's 'search-and-destroy' teams.

### **Consider adding Basic CELLULAR HEALTH Program:**

- **VIVIX, Cellular anti-aging tonic** – Diseases are related to cellular deterioration and damage. Help your body address this damage with Vivix, which has been shown to help reduce inflammation, increase energy production and repair DNA at the cellular level. Discover what has helped others!
- **VITA-LEA, Multi-Vitamin and Mineral Supplement** – provide your cells the basic nutrients they require on a daily basis.
