PRICE: \$958+ \$495 tax = \$1453 total per person

### **Churachandpur, India**

The newly formed Northeast India District is in urgent need of a District Ministries Center.

They presently have 64 congregations operating throughout the state of

Manipur. A center will be a great help in establishing a firm foundation for the expanding church ministry all over the Northeastern region of India. The location of their land is in the heart of Churachandpur along the National Highway.

Work will include pouring concrete, laying brick, setting doors and windows, painting, and finish carpentry. Personal hand tools would be good to bring if possible.
