

**EVERY YEAR, MILLIONS OF DOLLARS OF PERISHABLES ARE LOST  
DUE TO LACK OF TEMPERATURE CONTROL.  
NOT ANYMORE!.....**

**ALL-TRAX REAL TIME TEMPERATURE MONITORING SYSTEM GUARANTEES YOUR PERISHABLES STAY  
FRESH.**

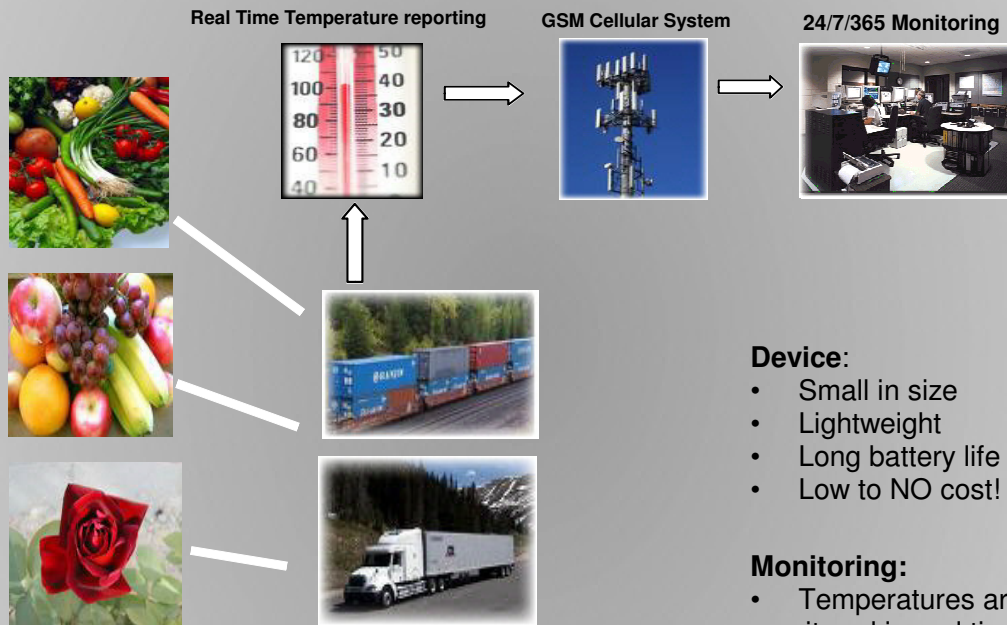

All-Trax recognizes the need for companies to track temperature in "real time" as the merchandise is in transit. Our tracking solution provides the answer to:

What is the current temperature of the load?

Was the temperature maintained throughout transit?

All-Trax offers a reusable solution that provides accurate real time temperature monitoring for perishable goods....for less than the cost of traditional temperature devices.

Call today to see how you can get your All-Trax temperature unit **FREE!**

**Device:**
