

The USLSSHA On-Line Speakers Bureau

The US Life-Saving Service Heritage Association is pleased to make available this document which lists speakers from across the country who can make a presentation to your club, group, school or museum.

The list is broken down by region to make it easier to find a specific area you might be looking for as well as to find either national or local speakers.

If you wish to have your name and information included in the directory, please e-mail us and we will have you added.

Publication Updated July 6, 2009

Northeast
