180

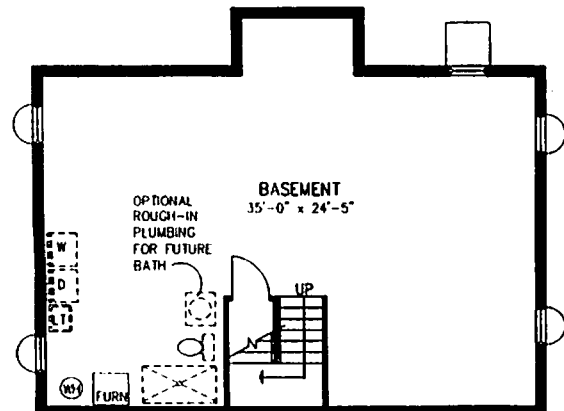

TRADEMARK SERIES

The kitchen is the heart of the home, and in the Austin model it's also the center of activity. Large and well-designed, it features a pantry, breakfast area, and sliding glass doors. It opens on one side to the gracious living and dining rooms, and on the other to the family room with optional fireplace, and to the laundry and powder room. An adjacent hallway leads to the two-car garage.

Upstairs, the airy master bedroom has two large walk-in closets, or one closet and a private bath. Two additional bedrooms and a hall bath complete the second floor.
