ARTISAN SERIES

A two-story foyer, large living room and formal dining room for gracious entertaining, a laundry and powder room for convenience, and a comfortable family room and a kitchen with center island and breakfast area for relaxed family living—these are among the many charms of the Fairbanks model.

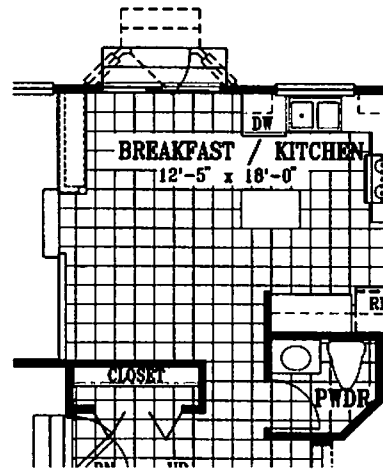

A master suite with two walk-in closets and luxury bath can be made even more inviting with the addition of a vaulted ceiling in the bedroom and a skylight in the bath. Two additional bedrooms, a full bath and a fourth bedroom or loft round out the second floor. In addition, a large closet puts extra storage right where you need it most.

Additional space for family fun can be added in the future with a recreation room and full bath in the standard basement. A two-car garage is included, and a bonus room or 3-car garage is available.
