BASEMENT

The Lexington Homes policy of continual attention to design and construction requires that all specifications, design, materials, dimensions and prices are subject to change without notice. Also room dimensions and design may change depending on exterior architectural style selected. The depicted floor plans, landscaping and exterior styling are artists' interpretations only. Please refer to the plans and specifications in the Sales Center for current information.

THE REMINGTON

3036

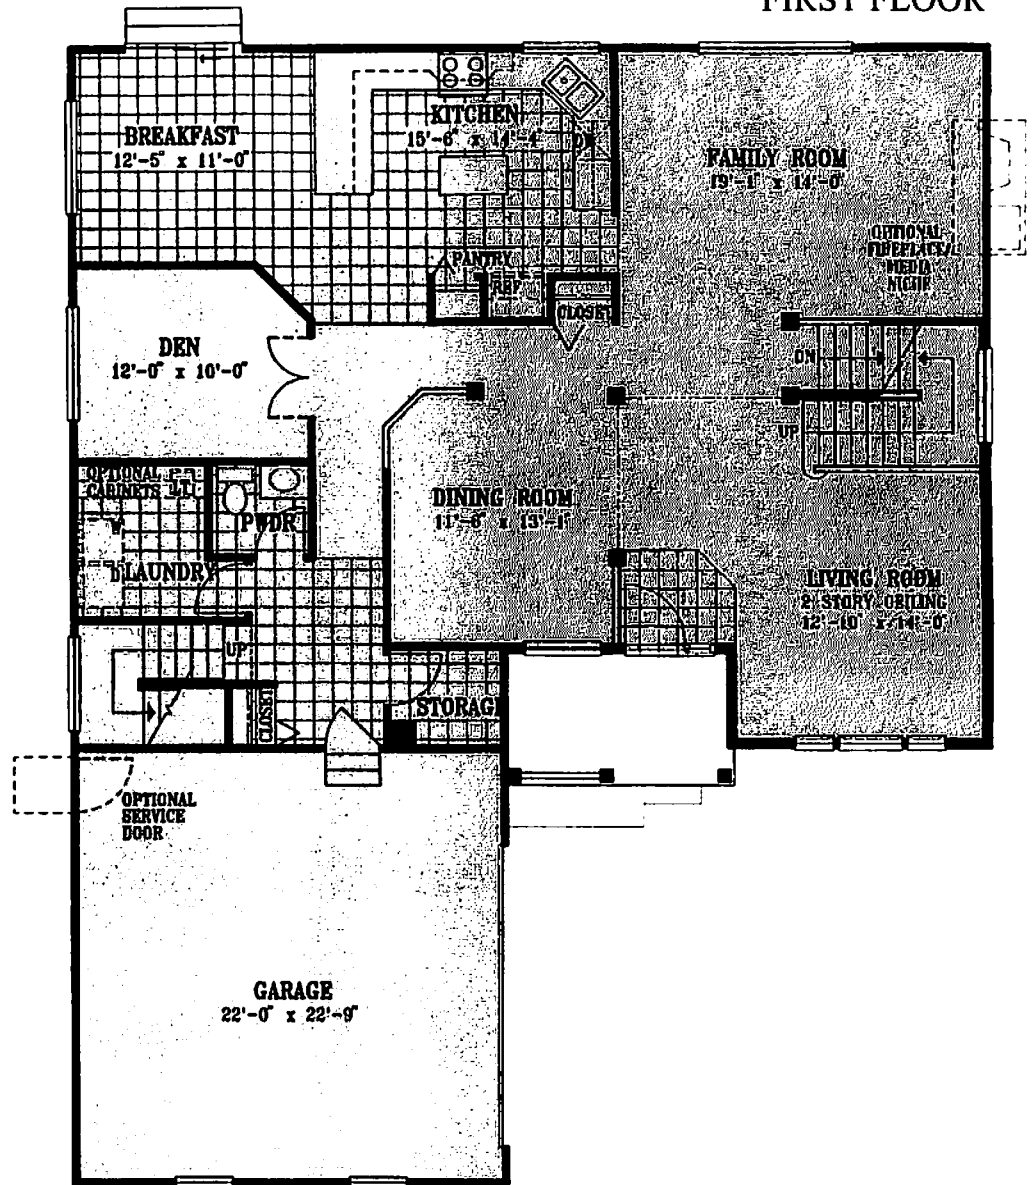

ARTISAN SERIES

The Remington's two-story living room and foyer bring in the sun, and it flows through the formal dining room, the comfortable family room, the kitchen with center island and pantry, and breakfast room! A private den can be finished as a guest bedroom, or opened up as a hearth room with optional fireplace. Added convenience comes from the powder room, laundry, and plentiful storage.

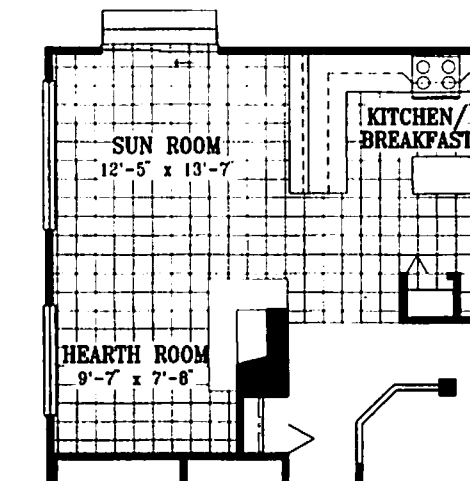

Choose from the grand open staircase in the living room or a convenient second stairway to reach the spacious upper level. The master suite is highlighted by a luxury bath and walk-in closet. Add extra interest with a vaulted ceiling in the bedroom and a skylight in the bath. Two additional bedrooms, a hall bath, and a loft with optional skylights complete the standard second floor. A fourth or fifth bedroom can be added.

A two-car garage is included, and the full basement is ready to be finished with a huge recreation room and additional bath.
