The Wentworth

Outstanding design, luxurious amenities, and new ways with light and space make the "Wentworth" one of our most sought-after new homes. Beginning with the dramatic living room/dining room with their volume ceilings and continuing through the state-of-the-art kitchen and sunny breakfast nook, convenient pantry and hardwood cabinetry — it's a home you must walk through to fully appreciate. And, the family room is spectacular. Imagine the drama of two soaring stories with the option of dual skylights and a fireplace. It's the perfect center for family fun and entertaining. A powder room and step-saving utility room complete this exciting level.

Upstairs, the drama continues with a truly masterful master suite with vaulted ceiling, walk-in closet, and tile bath. Also on this level is a second bath, and two additional bedrooms spaced apart to offer privacy and seclusion.

A model of excellence throughout, the "Wentworth" is the choice of discriminating young families who will not accept the ordinary.

Cambridge Homes, Inc. policy of continual attention to design and construction requires that specifications, equipment, dimensions and price be subject to change without notice. Please consult your Sales Representative for current details.
