THE WESTON 2850

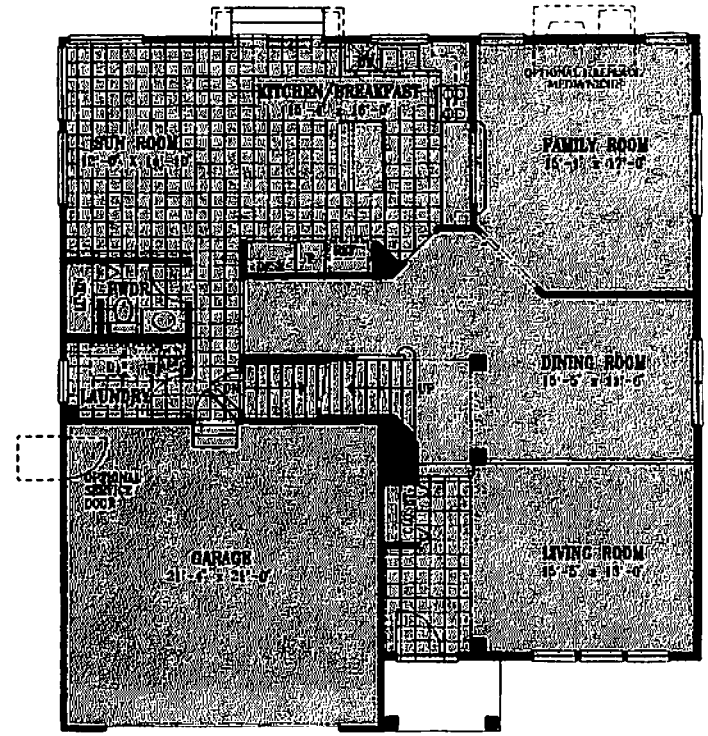

ARTISAN SERIES

The Weston model offers everything you need for gracious family living. The two-story living room and formal dining room open from the foyer. And in the back, the spacious kitchen, with center work island and breakfast area, is flanked by the two-story family room on one side and the charming sun room on the other. For more privacy, the sun room can be finished as a guest bedroom or den.

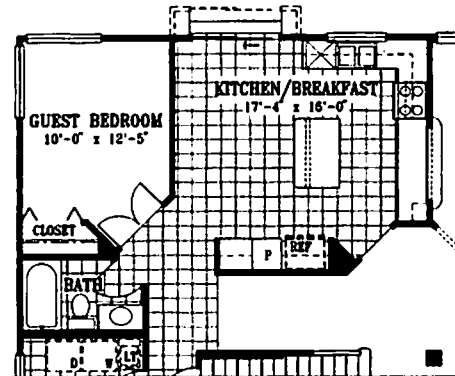

The second floor includes a master suite with walk-in closet and luxurious bath. Then, select from a wide range of choices to suit your family and your lifestyle—2, 3, or 4 additional bedrooms, 1 or 2 hall baths, a sitting room or a loft.

A two-car garage is standard, and a bonus room can be added. Skylights, volume ceilings and fireplaces are available additions. As your family grows, a recreation room and bath can be added in the full basement.
