- ▲ Compatible with Informer Informer Deluxe Informer Plus Silver Sentinel and Sentinel with Voice

A new way to reduce the risk of falls

The Micro-Tech® Seat Belt Alarm is designed to be used on wheelchairs to alert you if someone tries to exit the wheelchair. When the buckle is undone, the Micro-Tech monitor will alarm. The alarm message can be configured in multiple ways with all of the advanced features of the Micro-Tech Informer™ or Micro-Tech Sentinel™, such as multiple alarm tones, or voice message alerts.
