

Our Certified Nursing Assistant program is a three week course. Classes meet Tuesday through Friday from 8:30 - 4:00; plus one day for final exams and job enhancement.

The cost of the program is \$595.00. Our program includes the state required eighty-five hours, twenty-four of which are clinicals. Hands on clinicals will be completed at a long term care facility in the Paulding county area.

Cost includes one uniform, stethoscope and the required textbooks and workbook.

Students will graduate from class with additional training and completion cards in Basic Life Support for Healthcare Provider CPR, Heartsaver First Aid & Automated External Defibrillators.

CPR With Mickey, Inc. has been in business for fourteen years, teaching community and healthcare professionals. Our instructors come to you with many years of healthcare experience in multiple specialties.

Conveniently located in Dallas, Georgia at:
110 Evans Mill Drive, Ste 704.
At the corner of
Hwy 120/Dallas Hwy & Macland Road
in the Evans Mill Office Park

Although CPR With Mickey, Inc. does not guarantee job placement, we have several medical offices on our "Program Partners" list and will accept resumes from students as they graduate.

The final day of class will allow students to complete their final exam and work on resume enhancement to increase job placement possibilities.

After completion of the CNA Program students qualify to take the National Nurse Aid Assessment Program Exam, to become certified and obtain employment.

The cost of the written & skills exam is \$107.00. CPR With Mickey, Inc. is an approved testing site.
