

Inspired by Wrestling, our Fight-Soap has been blended to pack potent ingredients perfect for cleaning any and all grapplers.

Fight-Soap contains a synergy of essential oils (including Manuka tea tree oil, litsea cubeba, and eucalyptus) known for their antibacterial, antifungal, and deodorizing properties. These give you the edge to help counter diseases like MRSA, Staph infections, and Ringworm when you shower.

Fight-Soap fights the funk with a subtle candy lime fragrance. All natural exfoliants have been added to scrub away dead skin cells and all that nasty stuff you get while rolling around. Fight-Soap then blasts you with a soothing sensation to help you relax, recover, and ready to wrestle another day.

When Wrestling, make sure you have Fight-Soap in your corner.

Each Fight-Soap bar comes in a durable plastic case that can be used as a waterproof travel container. Each bar of soap weighs approximately 5 oz. Please allow for slight variances as they are poured into molds by hand.

Each bar is only \$5.00

Available at all Home Meets or via Coach Jones
