

# e-Mail List Building Package

e-Mail marketing is one of the most cost-effective ways you can market to a prospective new client. Unfortunately, most payroll service bureaus do a poor job at building an e-mail marketing database of clients, prospects and/or referral sources. And should fall into this group, your day is about to get a whole lot better.

## By Creating An e-Mail Marketing Database, You Will Be Light Years Ahead Of Your Competition.

It could take you years and a small fortune to create an e-mail marketing database. But don't worry, you no longer have to put up with all the expense, or worse, the lost sales opportunities. Now you can have an e-mail marketing database practically overnight with our e-Mail List Building package.

## You Tell Us Who You Want To Target, And We'll Find You Their e-Mail Addresses.

All you have to do is tell who to target and we will go after them. From chamber of commerces to associations, we will peel back the layers of these websites until we find e-mail addresses for you. In addition, we can gather e-mail addresses from businesses based on zip codes and employee size.

## Once You Combine Our Ad Agency-Grade e-Mail Marketing Campaigns To Your e-Mail Databases, You Are Almost Guaranteed A Stream Of Continuous Leads.

Once we secure an e-mail marketing list for you, you can hire us to do you e-mail marketing. And with discounts up to 66% discount on our services, you will see a huge ROI from our services. You literally cannot get a more powerful suite of money-making marketing campaigns in the country, and at prices that no ad agency can match.
