

Letter Books

Additional Activities

1) Ask the student to identify familiar objects in the cover illustrations.

2) Work with the student to tell a story using the illustrations on the cover.

3) Use the textured letters on the cover for finger tracing exercises.

4) Use the photographs to ask questions and discuss each vocabulary word in detail. (e.g., What color is the apple? What shape is it? Can you point to the stem?)

5) Work with the student to create sentences using each word in the book.

6) Use magnetic letters to match and spell the words in the book.

7) Work with the student to create a list of other words with the same starting letter and sound.

8) Create your own letter book. Using the words from the previous activity, ask (or help) the student to copy them into his/her own notebook. Have the student draw accompanying pictures or cut and paste from magazines.

How do *YOU* use the **Letter Buddies Letter Books**? Email your activity suggestions to info@cavallopublishing.com and we will share them on our website!
