

Migrant & Seasonal Head Start Program

Preserving Families, Renewing Lives

The Migrant & Seasonal Head Start Program operated by the Community Council of Idaho has been in operation for over 30 years. The program promotes school readiness by enhancing the social and cognitive development of children through the provision of educational, health, nutritional, social and other services to enrolled children of migrant and seasonal families.

Community support is vital to the program to ensure it continues its mission of providing high quality, innovative education services to pre-school children. The dedication and commitment of donors who recognize the value Early Childhood Education is appreciated.

By making a charitable contribution to Migrant & Seasonal Head Start Program, you make a difference in the education, health and well-being of the low income migrant and seasonal children. Your gift will help us ensure the academic and social success of these children.
