Air Sparging System

Number of wells _____ Sparge Depth _____

Flow rate per well _____ ACFM or SCFM

Pressure requirement per well _____ PSI / WC

General Considerations

Site Power _____ Volts; _____ 1 or 3 phase

Electrical Classification _____ Class 1, Div. 1, Class 1, Div. 2

Noise Requirement? _____ dB @ 3' from skid edge

Discharge pressure requirement? _____ PSI

O&M Frequency? _____ (daily/ weekly/ monthly)

Distance for O&M Tech from office: _____ miles

Remote monitoring telemetry? _____

Standard Features

Additional Project Notes/ Requirements

- Skid Mounted
- Inlet Filter
- Manual Bleed Valve
- Discharge Silencer
- Pressure Gauge
- Temperature Gauge
- Belt Guard
