PVC FLOATING FLOORING

The Most Distinguished Advantages!

Super wearable

The special transparent layer which is processed by high technology on the PVC floor surface, the wear coefficient reaches 30000 turns. The 0.7mm new material can reach 80000 turns.

Eco-Friendly

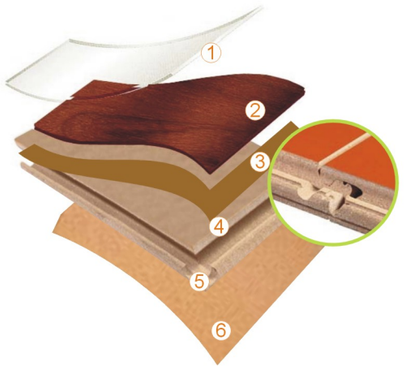
The main material of PVC floating floor is PVC which is a kind Eco-friendly, nonpoisonous and renewable resources.

Sound Absorbing & Noise Abatement

PVC floating floor has the effect of sound absorbing which other normal floor haven't, it can absorb about 20 db sound and will provide you a more comfortable and humanized living environment.

Highlight:

It is an ideal product which absorbs the advantages of both Vinyl and Laminate flooring. With the innovative, world-wide patent Tap&Go®locking system. The installation is more durable and stable. However, unlike laminate flooring, it enhances the function of Sound insulation and Anti-slip. Moreover, it provides a more comfortable feeling while walking on. In a word, this is a revolutionary product for decoration!



1. Wearable Overlay
A transparent layer which is pressure, stain, scratch and wear resistant to protect the surface.

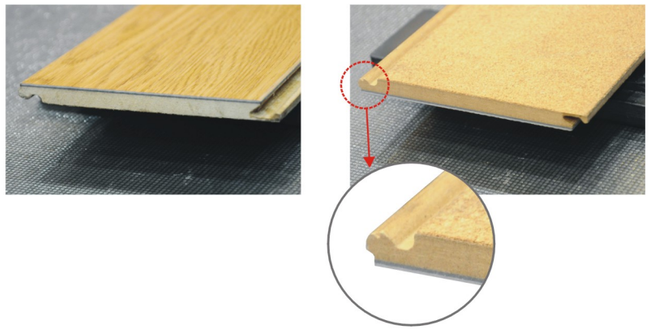
2. Decorative Layer
A layer that shows directly the color of wood, stones, carpet etc. with unique designs and patterns to have a beautiful looking.

3. PVC Layer
Top layer which is made of Vinyl, same material as Vinyl tiles . It provides a more comfortable feeling while walking on, also with antiskid feature.

4. HDF Core
High Density Fiberboard made of Wet-land pine. Moisture resistant and Eco-friendly.

5. Tap&Go® Innovative Locking System
Quality design, easy installation, durable locking and life-long warranty.

6. Cork Underlayment
Made of cork, moisture resistant, sound insulate and eco-friendly.



Comparison with Other Products

PVC floating floor, as a new product, has many distinguished advantages. Compared with laminate floor,hardwood floor & Bamboo floor and ceramic tile, it provides more benefit when used in different environment,as the form shows below.

Degree	Environment	Laminate Floor	Hardwood & Bamboo & Engineer Floor	Tile
Domestic	**Bedroom, Living Room**	Eco-friendly, Comfortable	Wearover Resistant	Comfortable
	Kitchen	Moisture Proof	Moisture Proof, Dirt Resistant	Anti-slip
	Loft, Basement	Soundproof	Mildew and insect resistant	Easy Installation
Commercial	**Marketplace, Supermarket**	Wearover Resistant, Top grade	Wearover Resistant, Economy	Top grade
	Library	Soundproof	Economy, Wearover Resistant	Soundproof
	Kindergarten, Senior's home	Comfortable	Easy maintenance	Comfortable
	Coffee house, high-class restaurant	Top grade, Dirt Resistant	Moisture Proof, Dirt Resistant	Warm and comfortable
	Business Site	Wearover Resistant	Economy	Soundproof
