

A Word From The Author...

God created us as unique individuals with a capacity to love and serve Him all of our lives. During the course of our journey as Christians, we will encounter many challenges to our faith and strength. This musical is written to a particular group of God's servants: those who are senior adults. Perhaps as a senior adult you have had a crisis of confidence. You have served God faithfully for many years, but you struggle with limited physical strength or grieve over the loss of a spouse or a friend. The message of **The Appointment** is a message of encouragement. By examining Biblical characters who were over sixty-five and yet were greatly used by God, a senior adult choir rediscovers God's call. God always gives us the grace to answer His call and purpose for our lives.

May we always be faithful to keep "The Appointments"  
God has for us!

## Prologue

Senior adults lend great spiritual guidance and strength to the local church. They not only offer wisdom and experience, but can often spend more time in Christian service than any single group in the church.

But what about retirement? Well, what do you suppose retirement age was for most of God's servants in the Bible? We might be surprised to find the number of them that were over sixty-five when they were greatly used by God. Let's see how it might have been if they had lived in our day.

## Program

HURRY, SCURRY	Choir
I REMEMBER	Choir
I WILL GO	Ken Larrison and Choir
