

Family of God

The Family of God refers to both the congregational family and the many individual and varied families here at Calvary who are on their faith journey. We believe that children need to establish a strong faith foundation when they are young, with thoughtful and progressive building on onto this foundation through the rest of their school years. As a congregation, we have an obligation to ensure that every effort has been made to pass our Christian faith on to the next generation.

Seeking and striving to strengthen and maintain our faith continues throughout one's entire life and all of us must be fed with the Holy Spirit. Calvary believes that through continued Christian Education, Ministries, Fellowship and the constant desire to Discover our relationship with God, we will maintain our engagement as faithful Christians with each other and the outside community. We hope to integrate all demographics in our church community to follow the path of God by participating together, as a Family of God, in all avenues offered by Calvary.
