Stephen Martin began his financial services career in 2010 as a financial advisor with a regional broker dealer/RIA in Memphis, TN. After 4 years of building a successful practice, Stephen was recruited to Birmingham, AL to be a part of Sterne Agee's asset management team where he was dedicated to transitioning transactional assets to an actively managed fee-based platform. In 2015, Stephen made the leap to wholesaling with Massachusetts Mutual Life Insurance Company. As brokerage director for MassMutual, Stephen doubled his territory's production in just under two years by providing his advisors with advanced planning concepts utilizing life, disability income, and long-term care insurance. Stephen's experience as a financial advisor helps him better relate to his audience of advisors, helping add value to their practice as they serve their clients' needs.

Stephen holds his Series 7, Series 66, and Life and Health insurance licenses. Stephen is originally from Tupelo, MS. In Stephen's free time, he enjoys cooking in the Memphis in May's annual BBQ Festival, attending Ole Miss sporting events, golfing, and spending time with friends and family. He is also a member of the Vestavia, AL Chamber of Commerce and an active member of the Phoenix Club, a club dedicated to raising money for their local Boys and Girls Club.

### **EDUCATION**

- University of Mississippi, Oxford, MS  
B.S., Managerial Finance
