### Summer 2018 Packet for Pre-7<sup>th</sup> graders

Dear Parents and/or Guardians,

To encourage students to retain and improve their math skills over the summer, Sacred Heart Catholic School is motivating students with a Summer Math Packet.

The focus of this math packet is to:

1. Reinforce math ***skills***.
2. Build ***fluency***.

The directions for completing the math packet are as follows:

1. Do not use a calculator to solve these problems.
2. Write on **notebook paper** in **pencil**.
3. Write the title at the top of each assignment.
4. Number each problem.
5. Show your work neatly for every problem and write the answer with the work. (Do not make a separate answer column.)
6. All fractions must be in simplest form.

Points will be deducted for not following these directions.

**Students must turn in the assignment the first week of the 2018-2019 school year. Assignments not turned in will result in a zero for a major grade.** Please complete a couple of pages of the packet per week, starting immediately after school is out. Do not wait until August to start the assignment!

If your student has questions, you may contact

Ms. Palacio at [cpalacio@sacredheartschoolcrosby.org](mailto:cpalacio@sacredheartschoolcrosby.org)

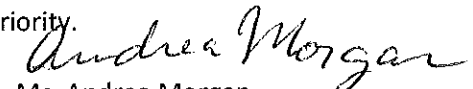

or

Ms. Morgan at [amorgan@sacredheartschoolcrosby.org](mailto:amorgan@sacredheartschoolcrosby.org)

Thank you so much for all your support in making your child's education a priority.

  
Ms. Susan Harris, M.Ed.  
Principal
