To ARC Membership,

The ARC Executive Committee (EC) held its annual meeting and Board session on January 4. All the Board members discussed both their individual and industry challenges to deal with the Railroads. As in past, the railroads are continuing to use their monopoly status to take advantage of captive shippers.

The EC was updated by our DC representatives on legislative and regulatory activities that took place in 2012, and what is expected the coming year.

Terry Whiteside (ARC Chairman) and John Cutler (ARC Counsel) reported on the hearings and filings that ARC participated in the past year.

The EC voted on keeping the current officers and Executive Director for the coming year. In addition the Board reviewed and updated the Mission, Strategy and Plan for 2013. A copy is attached and also on our website.

Mike Snovitch---Executive Director ARC
