

ABOUT US

Little Angels Daycare and Learning Center, is a privately owned and operated child care facility. Mrs. Candi Laboy, owner, opened her doors on September 25th, 2006, with the hope to provide quality care at an affordable price for families in her community. Her inspiration was her grandson whom she took to daycare, and thought of ways that his center could've been better. Since then, she has taken pride in helping families, and accommodating each child's needs. It is her experience with children that has allowed her to achieve a successful center dedicated to the growth and health of each child. The exceptional staff here at Little Angels has met and surpassed all qualification needs.

The Director, is an asset to the company as well. She has been working diligently with the V.P.K. children, to provide each child with the readiness needed for school. Her dedication to the education of each child is evident in each classroom. She works constantly with all the teachers on new ways to enhance and motivate the young minds. It is this facility that has proven to be what Mrs. Laboy set out for, a place of care for children, with peace of mind for parents.
