

OSCA Stewardship Worksheet

We are deeply invested in the spiritual, academic and overall wellness of your child. We take our responsibility seriously. In return, we ask that you be invested in the financial, spiritual and overall commitment you are about to make to OSCA. This worksheet is for your benefit. It is not included in the student file, unless scholarship funds are awarded. It serves as a guideline to clearly articulate the need for additional funding or scholarship opportunities and guide you to better understand whether or not OSCA is financially feasible for your family.
