

KNIGHT LIFE

Our Savior Christian Academy School Newsletter

You Are a Huge Part of Us

He is risen! He is risen, indeed! Hallelujah!

Our Savior Christian Academy continues to grow and flourish. This accomplishment is made possible by Jesus and you. Thank you!

Thank you for your support through prayer for the opportunity to tell more in our community about Jesus. In August, we opened our doors to 155 children and families. Fast forward to April, where we now welcome over 170 students every school day. The opportunity to bring Jesus into the daily lives of children and families is truly an incredible blessing. Through your financial support, you made our Chilly Knight fundraiser a huge success! You helped raise over \$6,000 in a matter of a couple of hours. Thank you! In addition to fundraising efforts, senior administrators have been working hard in securing financial grants totaling close \$30,000. Glory be to God! These most recent grant funds are slated to support our growing outdoor education and archery classes.

Thank you for walking this amazing walk with us this school year. We know that our Lord has more in store for us. As Ephesians 3:20 says, "Now to him who is able to do far more abundantly than all that we ask or think, according to the power at work within you." As you read the amazing stories of accomplishments in this issue of the Knight Life, know that with every student and teacher success there is a piece of Jesus and you in every story.

Glory be to God!

Congratulations to OSCA 8th graders Laney Shipley and Kassi McGinnis for making the Lutheran High School All Stars girls' basketball team. Only 18 girls were selected from the seven girls' basketball teams represented in the Kansas City Lutheran Athletic League. Great work Laney and Kassi!

Congratulations to freshman Jack Kurtz for being awarded the Most Valuable Player for Faith Christian's junior high boys' basketball team. "This was an unexpected honor. Thank you to Coach Standlea for coaching the team. You are an amazing coach."

Congratulations to Mrs. Debbie Hall, lead preschool teacher at the Platte City campus, for being nominated for Teacher of the Year. "This is an amazing honor for both Mrs. Hall and OSCA," said School Board President Julie Kurtz. "I am very proud to have Mrs. Hall serving OSCA students and families."
