OSCA PROVIDES A HOME FOR MILITARY FAMILIES SERVING OUR COUNTRY

"Being in service to those who have served us," is how Superintendent Pappert described caring for military families in a recent interview on KFUE radio. Making families a part of our OSCA family is a priority to administration and staff. With Fort Leavenworth located only 25 miles from Platte City along with Platte and Clay counties being called home by many military families, OSCA is primed and ready to serve the families who have served, and continue to serve, our great country. "As with anyone living in a new community, there is so much new. One of the things OSCA does is work with children and families to help cut through some of the new," stated Superintendent Pappert. "Assisting families with where to shop or bank, asking how we can assist with these things, helping them understand the community through us, and making them feel welcome, places them in our Christian family."

"Praise be to the LORD my Rock, who trains my hands for war, my fingers for battle. He is my loving God and my fortress, my stronghold and my deliverer, my shield, in whom I take refuge, who subdues peoples under me"- Psalms 144:1

"One of the things I hear from families is how we (OSCA) have made their military move easier. Any time we have to pack up our lives and go elsewhere, it is just hard," stated Pappert. We are so grateful that we have cared for families whose careers are to care for our country. "Families come through our door for various different reasons," noted Pappert. "Our prayer is that when the same kiddos step back into the mission field, they are armed with the Word of God. We know God goes with them." KFUE Radio is the listener-supported broadcast ministry of the Lutheran Church - Missouri Synod.
