Christian Academy

## OSCA Elementary Students Shine!

Our Savior Christian Academy elementary students enjoyed participating in the LCMS Missouri District Shine! event in May. Both Smithville and Platte City students (K-5th) made placemats to take to area nursing homes. The residents often go to the dining room well before meals, so prayerfully these will be an encouragement to them and bring smiles to their faces. Thank you OSCA students for letting your light Shine!

## Pastor Bryan Wolfmueller Visits Our Savior Christian Academy

On Thursday May 12, OSCA middle and high school students welcomed Pastor Bryan Wolfmueller to our Smithville campus. Pastor Wolfmueller spoke to the students on being a strong Christian in today's world, which reflected around James 4:7. Pastor Wolfmueller used scripture and personal stories to illustrate how the devil is afraid of us. The students also asked questions of Pastor Wolfmueller. Students wanted to know how old the earth is, guidance for those suffering from anxiety and depression, and the differences between the various churches. Pastor Wolfmueller is pastor of St. Paul Lutheran Church and Jesus Deaf Lutheran Church in Austin, Texas. He is an author, a regular guest on Lutheran Public Radio, and was recently was awarded an Honorary Doctorate from Concordia University-Irvine for having rendered significant contributions to the church and society in accordance with the mission and purpose of the university.

## A Life Event Turned Into a Work Experience

Ever since I got to see a car wreck first hand with my mom, I fell in love with wanting to be out in the field. I have always wanted to be in the medical field but being in the hospital didn't seem exciting to me. The adrenaline rush I got from the scene made me know I wanted to be the person who helps in those critical situations.

After the night of the car wreck I couldn't stop thinking about being a paramedic. I talked to my mom about it multiple times and she helped me get a ride along with the Gladstone Fire Department. When I first stepped into the station I knew this is exactly where I wanted to be.

I was at the station for 12 hours on Wednesday. We got three calls, nothing critical but still important ones. After the day was over I didn't want to leave. Riding along with the Gladstone Fire Department made me realize I don't want to be anywhere else. Being able to see first hand what firefighters and paramedics do on a daily basis made me realize that this is where I want to be.

## National Honor Society Members Hear The Needs of the Student Body

Written by an OSCA NHS Member

Our Savior Christian Academy's National Honor Society of 2021-2022 accomplished their goal and hosted a great deal of events that all students enjoyed.

At the beginning of the year, many students were unsatisfied with their small, cubby-like lockers. The NHS then decided that their goal for the year would be to obtain new, bigger lockers for these students. Their main source of fundraising was the NHS "Concession Stand" that was available every Friday during the lunch period. They would set out snacks, candy, sodas, juice boxes, and more to raise money for new lockers. In November of 2021, a donor generously gave several units of lockers to the school, and the school continued to gain lockers throughout the year. In total, the NHS obtained 30 new lockers for the school.

In addition, the NHS was able to raise enough money to put on a Christmas Party of a movie and snacks on the last day before Christmas Break. They also sponsored OSCA's first Prom, hired Kona Ice to help celebrate the Senior Class's last day, threw an end-of-school BBQ party for the middle school, and provided a doughnut and chocolate milk breakfast for 6th-11th grade on the last day of school. Overall, the students were very pleased with the NHS of 2021 and 2022, and are eager to see what the NHS of 2022-2023 will do.
