

THE KNIGHT LIFE

The official newsletter of Our Savior Christian Academy
GROWING FAITH IN JESUS THROUGH SCRIPTURE

"Christian education has academics and extracurriculars in the light of the love of Jesus - what an opportunity! If you're reading this, we know you want the best for your child. Imagine a school day where every subject, mentor, and moment revolves around the redemptive work of Jesus."

Rev. Darrell Jones,
President of the
Herzog Foundation

The Benefits Of An Excellent Education: This Is How We Do It

What does it mean to have your student be part of excellence in education? To us, it means everything. It means building positive Christian relationships with children and engaging parents as partners in a Christ-centered curriculum.

It means growing the faith of the spiritually saved and helping to save the spiritually lost. It means equipping children to be courageous Christian witnesses to the non-believing world and armoring them for the world we live in. It means when things get tough, students can remember the biblical stories and lessons about how faithful God is and how He wants the best for each of us.

It means making disciples through teaching, sharing, modeling, and serving. It means being a part of a family, not just a school. It means pointing our students to Jesus in the big and small moments. It means, Jesus in and Jesus out every single day.

We are glad you found excellence through Our Savior Christian Academy. As we approach enrollment for the 2023-2024 school year, we pray OSCA is part of your family's education plan. We look forward to your partnership in excellence education.

Congratulations, Hollis Speck!

Wow! We couldn't be more proud of our very own middle school student Hollis Speck for being a runner up in the Herzog Foundation's National Bill of Rights Essay contest.

Nationally, all middle school and high school students currently enrolled in a Christian school or homeschool were eligible to participate in the essay contest. Each winner and their school received a \$250 award from the Herzog Foundation. Additionally, each runner up and their school received a \$100 award. Essay contestants were asked to answer the following prompt in three pages or less: What made the Bill of Rights so revolutionary and unique when it was ratified? How has the Bill of Rights shaped our country?

"We can be grateful for the sacrifice of many Americans for the freedom we have now. Even in our ups and downs, the Bill of Rights gave everyone a chance and no matter what society brings upon us, we can always rely on knowing we're free. The Bill of Rights is not only a set of rules but a way to be free," said Middle School Runner Up Hollis Speck.

She nailed it! Congratulations, Hollis.

We Just Wanted To Say, You Rock!

On cold and windy day in November, Our Savior Christian Academy stopped by Grace Community Church Preschool (GCCP) in Smithville to say thanks with a lunch from Panera Bread. "We wanted to support and say thanks to GCCP in the work they are doing to build His kingdom," stated OSCA Marketing Specialist Julie Kurtz. "We are honored to support their efforts."

Thank you!

Thank you OSCA parents and caregivers for all the wonderful cards, gifts, and treats you provided to the OSCA staff for Christmas. You left us feeling so cared for and loved. Thank you so very much!

Come and See

Have you ever wanted to know what makes up your preschooler's school day? If so, parents and caregivers of PreK4 students are invited to Come and See! Watch your email and child's folder for event details. The Come and See event is scheduled for January 24, 25 and 26 from 8:30-9:30am at the Platte City campus.

Q&A with Alumni

Wonder what our OSCA alumni have been up to lately? Us, too. OSCA students, parents, caregivers, staff, and church members are invited to attend an OSCA alumni question and answer event on Friday January 27 at the Smithville campus. Bring your questions and check out the school calendar for details.
