**Last chance!** We want our new **church photo directory** to be as complete as possible, but many of you haven't yet had your picture made. Our photographer, Pam Brown, will be set up again in the choir room after worship today. Please walk down and have your picture made if you haven't done so already. These are high quality snapshots, not a professional sitting, and there is no sales pitch! Our team working on the directory would like to complete this project, and will leave the opportunity for photos open until the end of this month. If for some reason, you prefer to not have your photo made for the directory, please drop a note in the offering plate to let us know, or leave a message at the church office.

*You will have noticed that the Bradford Pear **trees** have been removed from the **church parking lot**. This action was taken in consultation with the family who donated the trees many years ago, due to the age of the trees and the possibility of replacing them with a different variety of tree. The family who originally donated the Bradford Pear trees has graciously agreed to assist with selection and purchase of new trees for our church parking lot.*

**Security:** As part of ongoing efforts to secure our church facilities during worship, the outside sunroom doors and side doors to the sanctuary area are now being locked during worship. This allows us to better secure the children's ministry area while still allowing access of parents and volunteers from the sanctuary through the sunroom to the children's ministry area.
