How Does the United States Affordable Care Act (ACA) Affect My Coverage?

Non-U.S. Citizens: As non-resident aliens, international students, scholars, and people involved in cultural exchange programs on F, J, M and Q visas (and certain family members) are not subject to the individual mandate for their first five years in the U.S. All other J categories (teacher, trainee, work and travel, au pair, high school, etc.) are not subject to the individual mandate for two years (out of the past six). Since international students are not subject to the mandate, they are eligible to purchase Student Health Advantage.

U.S. Citizens: Under ACA, all U.S. citizens, nationals and resident aliens are required to purchase minimum essential coverage (ACA compliant coverage), unless they are exempt. Exempt U.S. citizens include U.S. citizens who reside outside of the U.S. for 330 of any 365-day period, or have a tax home (main place of work or employment, or if you don't have a main place of work or employment, your main residence) in a foreign country, and is a bona fide resident of a foreign country.

Please note that this insurance is not subject to, and does not provide benefits required by, ACA. Since January 1, 2014, ACA requires U.S. citizens, U.S. nationals and resident-aliens to obtain ACA compliant insurance coverage unless they are exempt from ACA (international students on F, J, M and Q visas (and certain family members of students) are not subject to the individual mandate for their first 5 years in the U.S. All other J categories - teacher, trainee, work and travel, au pair, high school, etc. - are not subject to the individual mandate for 2 years out of the past six). Penalties may be imposed on persons who are required to maintain ACA compliant coverage but do not do so. Eligibility to purchase or renew this product, or its terms and conditions, may be modified or amended based upon changes to applicable law, including ACA. Please note that it is solely your responsibility to determine if ACA is applicable to you and the Company and IMG shall have no liability whatsoever, including for any penalties that you may incur, for your failure to obtain required ACA compliant coverage. For information on whether ACA applies to you or whether you are eligible to purchase Student Health Advantage, please see IMG's Frequently Asked Questions at imglobal.com/en/client-resources/PPACA-FAQ.aspx. In case of an emergency admission, the precertification must be made within 48 hours of the admission, or as soon as reasonably possible. If a hospital admission or a surgery is not precertified, eligible claims and expenses will be reduced by 50%. It is important to note that precertification is only a determination of medical necessity, not an assurance of coverage, verification of benefits or a guarantee of payment. Please refer to the certificate wording for full details of the precertification requirements.

For Precertification, emergency evacuation and repatriation,
