

# Using God's Resources

## Why Give?

We are called to give; however, we will also receive great joy as we give!

## What to give?

- Time -What could you do instead of watching TV or playing video games that would bless others? Volunteer at church in Sunday School or for mission projects. Help with chores around the house or assist neighbors with their yardwork.
- Talent-There are many things we can do within each age group. (Refer to Delia Halverson Age Level Goals for Stewardship.) Use all that you have to glorify God and you will be greatly blessed and thankful.
- Treasure-God asks for us to give 10% of all we receive. That includes birthday and Christmas money, allowance, or any other kind of income.

## How to Give?

- Create an action plan for each category; time, talents and treasures-set goals and be intentional.
- Create a budget - Utilize online resources. Start early in life!
- Determine your talent- Use it at home, in the community, and at church. Create a list and see how you can use them to bless others.
