

Community Against Sexual Harm helps women who have been commercially sexually exploited find safety and support.

As we look back on the highlights of 2015, it's easy to see the past year was busy and filled with many great accomplishment. From graduating our first RESET diversion program class, to partnering with Opening Doors, Inc. to provide comprehensive anti-trafficking assistance, these accomplishments wouldn't have happened without the ongoing support of our donors and community partners. Thanks for helping us make 2015 such a success.
