2012 Annual Report

We believe that every woman should be treated with dignity and respect.

Maria Vargas – Co-Chair
Erika Woolson

Their hard work enabled us to continue to provide valuable services to victims of sexual exploitation.

Our Mission

We assist victims of sexual exploitation through survivor-led peer support and harm reduction services, while providing education about the harm inflicted on women and the community.

Programs

Individual Peer Counseling

CASH uses a survivor –led peer model to support victims of sexual exploitation. In 2012, we provided more than **175** one-one sessions and **300** short-sessions. Together with our facilitated groups, women took **251** steps toward reducing harm in their lives.

SAFE Passages

This year, we launched our new 10 week SAFE Passages program. This program allowed us to spend more time with women that had left sex-work and were in recovery. In our first year, **8** participants completed the program. Client feedback was very positive and included:

“I thank CASH for motivating and empowering me to go further in my life.”

Year in Review

2012 was an exciting year at CASH. We served 97 new women in our Drop-In Center and continued to provide a safe, judgment free place for more than 165 women. We also expanded our direct services with the launch of our new Safe Passages and Life Skills programs.

In addition, our seven co-founders, including current Board Members Cindy Stinson and Susan Feenstra were honored with the 2012 Distinguished Service Award from the Sacramento Police Department for their dedicated and valuable service to the Sacramento Police Department and the City of Sacramento.

Services

Community Outreach

CASH provides presentations, trainings, and workshops to community organizations, schools, faith based institutions, and law enforcement agencies

In 2012, we reached more than 1300 people, in various settings, to explain the harm commercial sexual exploitation causes individuals and the community.

Street Outreach

Street outreach is an essential part of our program. Our peer mentors know where to go and who to approach safely on the streets. Last year, we made contact 470 times.
