

From our President

Hello Friends,

We are excited to move into our 11th year of providing programs and services to women who have been commercially sexually exploited. Our work has become even more collaborative as we meet the needs of women who have been left out, marginalized, and underserved. You will find our staff working alongside so many in the community to make lasting change, including the DA's office, Opening Doors, Inc., our City Councilmembers, and so many more. **We were founded to provide solutions and that is what we are doing with our anti-trafficking work, Healthy Women and Families Program, and RESET.** We look forward to keeping you updated throughout the year on our successes and any challenges we encounter along the way.

Thank you for your continued support,

A handwritten signature in black ink that reads "Cindy Stinson".

Internship Success!

"...And look at where I'm at NOW!"

Please join us in welcoming **our newest staff member** Ronda Hiemstra! Ronda completed our internship program last year after graduating from our RESET program. She has been a wonderful addition to our team and can often be heard telling current RESET participants about her experience with the program. If you come by the Center and notice that it is especially cozy and celebratory - that's Ronda. She is always looking for seasonal items to do craft projects and small gifts for BINGO prizes. Feel free to drop off anything you think we can use to help us build community.

Did you know we offer an internship program? Valuable work experience is a huge need for women who have been commercially sexually exploited. If you think you could offer a small, paid internship and want to talk about creating the program - give Terri a call at 916-856-2900.

Program Spotlight

21 healthy babies born to moms who were prepared and supported! We are very excited to partner with Dignity Health for another year of serving pregnant women who have been commercially sexually exploited through our Healthy Women and Families program. We are proving that wrapping women with support, love, and quality healthcare during their pregnancy changes everything!

We're Platinum!

That's the highest level of transparency at GuideStar - the world's largest source of nonprofit information. We go the extra mile because we value transparency and want our donors to know that 84% of every gift goes directly to client programs and services that are making a measurable difference. **For our Anti-Trafficking program - 90% of our grant funding goes directly to the women we serve.** We are making an investment in their life.
