

Spicewood Energy Management, LLC (SEM) Releases 2015 Energy Outlook

FOR IMMEDIATE RELEASE

SEM, which was formed to manage oil and gas investments through multiple limited partnerships, announces the release of its 2015 Energy Outlook which specifically details the company's outlook for crude oil prices.

January 20, 2015 (Spicewood, Texas USA)- Spicewood Energy Management, LLC (SEM) announced today the release of its 2015 energy outlook report. The report was prepared by SEM after researching both past and current market trends, along with recently published reports by world renowned financial companies such as Raymond James & Associates, Inc.

The report specifically details SEM's outlook for crude oil prices along with its price recovery strategy. "We hope that our outlook report will offer insight into why it is so widely believed that the price of oil will migrate back towards \$60/barrel by the end of 2015," stated Waylan Johnson, President of SEM.

The report which is entitled, "Q1 2015 Crude Oil Price and Price Recovery Strategy Outlook," provides SEM with a long-term view of global energy demand vs supply dynamic and will serve to guide the company's managed fund investments.

SEM has published the outlook report on its website. Its current managed fund offering, Spicewood Energy Fund III, LP, is being offered to verifiable accredited investors only. For further information regarding topics discussed in this article, please contact Spicewood Energy Management, LLC via their Investor Relations Department: (512) 610-0552 or visit www.SpicewoodEnergy.com where you can join the SEM (corporate) Mailing List and receive up to date information on SEM activities, including all SEM Press Releases.

About SEM

Spicewood Energy Management, LLC (SEM) is a Texas based oil and gas company that has offices located in Spicewood, Texas and Port Aransas, Texas. SEM will manage oil and gas investments through multiple limited partnerships, which will be formed in the state of Texas. SEM previously offered two fund structured products, a drilling fund and a master fund.

Spicewood Energy Fund I, LP (SEF1) was structured around SEM's master fund principals and provided investors the opportunity to diversify their portfolio by investing in a limited partnership which engages in all aspects of oil and gas exploration, development and production. SEF1 was structured so that within a single investment, an investor would have the ability to participate through the partnership in working interest in drilling projects, producing mineral interest and proprietary seismic data as well as develop leasehold acreage, pipelines, gas gathering processing systems, and commercial salt water disposal, all at a ground floor entry point.

Spicewood Energy Fund II, LP (SEFII) was SEM's first drilling fund, structured to capitalize on the federal tax benefits of IDC deductions. SEFII closed on December 30, 2013 and has since participated in numerous non-operated working interest deals throughout Texas and Louisiana.

SEM has engaged BDO USA, LLC to perform annual audits on the firm and its funds. Annual third party reserve reports will also be conducted on properties.
