SilencerCo Hybrid 46M

SKU# SCO SU5107

MSRP \$1,169

Plus Tax Stamp \$205

Total Value \$1,374

PRODUCT DESCRIPTION

The SilencerCo Hybrid 46M is one of the first modular large bore suppressors. This compact suppressor is constructed from durable 17-4 heat-treated stainless steel with an innovative tubeless suppressor design. As a multi-caliber suppressor, the 46M gives users the versatility of caliber and firearm platforms of the original Hybrid while adding the freedom of varying lengths to tune size, weight, and performance to your application. Rated for 9mm to 45-caliber pistol and rifle calibers from 5.56mm to 45-70 GOV, the SilencerCo Hybrid 46M is the 'Jack of all trades' in the world of suppressors.

FEATURES & BENEFITS

The Hybrid 46M is the natural next step in evolution for the large bore suppressor, the Hybrid 46, providing the same quality suppression performance while innovating on design. It is compatible with almost every firearm platform thanks to its modular functionality and range of possible attachment accessories using SilencerCo Charlie mounting. Its short configuration without its mount measures 12.2 ounces and 5.78 inches. With the front module, it is a mere 14.9 ounces and 7.72 inches.

The Hybrid 46M offers multiple caliber options. Both the Hybrid 46 and Hybrid 46M are rated up to 10MM for pistol caliber cartridges, up to .338 Lapua Magnum for Centerfire Rifle calibers, including 450 Bushmaster, 458 SOCOM, and .460 S&W. Both are also compatible with Pistols, Rifles, Subguns, and PCC's. The Hybrid 46M is Charlie accessory compatible, matching the muzzle devices, pistol accessories, and Tri-Lug mounts of various types of host firearms.

KEY ATTRIBUTES OF THE SILENCECRCO HYBRID 46M

- **Modular Design:** Easily switch between compact and extended configurations to balance between maneuverability and suppression.
- **Wide Caliber Compatibility:** Suppresses everything from pistol rounds to heavy rifle calibers like .45-70 Govt and .458 SOCOM.
- **Full-Auto Capability:** Built tough to handle continuous full-auto fire in both configurations.
- **Versatile Mounting:** Compatible with various mounts and endcaps, fitting a wide range of firearms.
- **Optimized Suppression:** Designed for effective noise reduction across a broad spectrum of calibers.
- **Durable Construction:** Made with high-quality materials to withstand harsh conditions and heavy use.
- **Multi-Use Suppressor:** Ideal for tactical training, hunting, and recreational use, thanks to its adaptability and robust performance.
- **Minimal Impact Shift:** Precision engineering ensures consistent accuracy with minimal point-of-impact shift across various firearms

Q Trash Panda

SKU # Q Trash Panda

MSRP: \$999.00

Plus Tax Stamp \$205

Total Value \$1,204

PRODUCT DESCRIPTION

Q Suppressors has broken the mold once again by introducing their compact, all-titanium Q Trash Panda to the 7.62mm rifle category of silencers. The Q Trash Panda is a top choice for anyone looking for a high-quality rifle silencer. Its advanced design integrates the efficient Cherry Bomb compensator, making it ideal for various rifles in your collection. The Trash Panda's titanium build and PVD coating ensure durability and excellent sound suppression.

FEATURES AND BENEFITS

A more compact (under 7" shorter length) version of the Q Thunder Chicken; the Trash Panda also holds features of the Plan B/Cherry Bomb mounting system, ensuring its reliability and accuracy durability. Being a QD silencer, the Trash Panda provides a simple attachment method that minimizes point-of-impact (POI) shift. When attached to your favorite 7.62mm rifle, this can's maneuverability (only 11.8 ounces) is noticed instantly. Rated up to .300 WM, the Trash Panda provides impressive sound suppression, especially for a small package. Your ears are safe with Q's Trash Panda.

KEY ATTRIBUTES OF THE Q TRASH PANDA

- **Titanium Toughness:** Crafted entirely from titanium, this suppressor strikes the perfect balance between unbeatable durability and lightweight design. It's tough enough to handle the most demanding conditions without weighing down your
- **Speedy On & Off:** Thanks to the Quickie Fast-Attach system, attaching or removing this silencer is a breeze. Spend more time shooting and less time fiddling with your gear.
- **Ready for Any Barrel:** Coming standard with both 1/2x28 and 5/8x24 Cherry Bomb muzzle brakes, the Trash Panda can easily adapt to a variety of barrel threads. Whether you're switching between rifles or calibers, it's got you covered.

- **Advanced Coating for the Long Haul:** The PVD (Physical Vapor Deposition) coating isn't just for looks. It significantly boosts the suppressor's resistance to corrosion, wear, and tear, ensuring it lasts through countless rounds.
- **Handles the Big Guns:** Designed to accommodate up to 300 Winchester Magnum, this suppressor doesn't shy away from the powerful rounds. Whether you're out hunting or at the range, it delivers excellent sound suppression across a wide range of calibers.
- **Precision Engineering:** The meticulous design ensures minimal impact shift, preserving the accuracy of your firearm. Shoot with confidence, knowing your shots will land where you aim.
- **Light as a Feather:** Despite its robust construction, the Trash Panda is surprisingly light, minimizing the impact on your firearm's balance and handling. It's so light, you'll barely notice it's there—until you fire.
- **Worry-Free Maintenance:** User-friendly design means maintenance is straightforward, ensuring your suppressor stays in top condition with minimal effort.
- **Community Approved:** The combination of its features, durability, and performance has made the Trash Panda a favorite among shooting enthusiasts. Its quality is reflected in the positive feedback and high satisfaction among its users.
