

ALPHA FACT

Dw L2

Dreamweaver Level 2 course is a comprehensive course that builds on the skills developed in Dreamweaver Level 1. Advanced site creation techniques are covered including in-depth CSS, media queries and designing for different devices, adding javascript-based features, working with advanced template options, HTML forms and image maps and rollover images. Alpha comprehensive courseware is supplied.

Course Prerequisites: The prerequisites for this course is that you have completed the Dreamweaver Level 1 course or have equivalent knowledge.

Duration: Two days 9:00 am - 4:30 pm
