Create Your Future

Whether you are creating logos, illustrations or need to manipulate vector text, an AlphaCC Adobe Illustrator course is what you need to bring out and enhance your creative skills. As part of Adobe's renowned creative suite, Illustrator is used to create vector artwork that can then be imported into other Adobe products such as InDesign, Dreamweaver and Flash.

Illustrator Level 1

The Illustrator Level 1 course provides an introduction to creating and editing vector artwork such as logos, illustrations and graphic artwork.

Course Prerequisites: Previous experience using applications on a PC or Macintosh is an essential prerequisite for this course. Experience in using a graphics application in the Windows/ Macintosh environment is helpful.

Course Duration:

Two days 9:00 am – 4:30 pm

Illustrator Level 2

The Illustrator Level 2 comprehensive course builds on the skills learned in Illustrator Level 1 and explores more complex Illustrator techniques. These include advanced drawing techniques, tracing artwork, combining and reshaping objects, advanced colour and type, working with attributes, mesh objects, and graphics for the web.

Course Prerequisites: You have completed Illustrator L1 or have equivalent knowledge.

Course Duration:

Two days 9:00 am – 4:30 pm

Illustrator Level 3

The Illustrator Level 3 comprehensive course builds on the skills developed in Illustrator Level 2 and deals with more complex techniques of production including patterns, 3D modelling, symbols, creating graphs, automation via actions and data-driven graphics, painting, and perspective drawing.

Course Prerequisites: You have completed Illustrator Level 1 & 2 courses or have equivalent knowledge.

Course Duration:

One day 9:00 am – 4:30 pm
