Create Your Future

Whether you need to edit photographs or other images, you'll almost certainly be using Photoshop, and an AlphaCC Adobe Photoshop course is what you need to bring out and enhance your creative skills. As part of Adobe's renowned creative suite, Photoshop is a specialized image editing program that integrates with many other software packages.

PhotoShop Level 1

The Photoshop Level 1 comprehensive course introduces users to working with Adobe Photoshop. Users will examine the manipulation, retouching, editing, and preparation of original images for print, photography and screen output. Our comprehensive 200-page courseware is supplied.

Course Prerequisites: Previous experience using applications on a PC or Macintosh is an essential prerequisite for this course.

Course Duration:

Two days 9:00 am – 4:30 pm

PhotoShop Level 2

The Photoshop Level 2 comprehensive course builds on the skills developed in the Photoshop Level 1 course and includes more advanced imaging techniques. These include advanced tonal and colour correction, non-destructive editing techniques including masks, automation, advanced retouching, photographic filters and camera raw, and web graphics and animation. Comprehensive Alpha courseware is supplied.

Course Prerequisites: You have completed PhotoShop L1 or have equivalent knowledge.

Course Duration:

Two days 9:00 am – 4:30 pm

PhotoShop Level 3

The Photoshop Level 3 comprehensive course builds on the skills developed in the Photoshop Level 2 course and covers many advanced imaging techniques. These include advanced selection techniques, high dynamic range (HDR) images, smart objects and filters, aligning and blending, working with 3D files and advanced tips and shortcuts. Comprehensive Alpha courseware is provided.

Course Prerequisites: You have completed PhotoShop Level 1 & 2 courses or have equivalent knowledge.

Course Duration:

One day 9:00 am – 4:30 pm
