## 1 TOURING ADOBE PREMIERE PRO CC

2

|   |    |
|---|----|
| Getting started.....  | 4  |
| Performing nonlinear editing in Premiere Pro.....                     | 4  |
| <i>Looking at the standard digital video workflow</i> .....           | 5  |
| <i>Enhancing the workflow with Premiere Pro</i> .....                 | 6  |
| Expanding the workflow.....   | 8  |
| <i>Incorporating other components into the editing workflow</i> ..... | 8  |
| <i>Looking at the Adobe Creative Cloud video workflow</i> .....       | 9  |
| Touring the Premiere Pro workspace.....                               | 10 |
| <i>Looking at the workspace layout</i> .....                          | 11 |
| <i>Customizing the workspace</i> .....                                | 14 |
| <i>Introducing preferences</i> .....                                  | 16 |
| Keyboard shortcuts.....   | 18 |
| <i>Moving, backing up, and syncing user settings</i> .....            | 19 |
| Review Questions.....   | 20 |
| Review Answers.....   | 21 |

**2 SETTING UP A PROJECT 22**

Getting started ..... 24

Setting up a project..... 25

*Exploring video rendering and playback settings* ..... 26

*Setting the video and audio display formats* ..... 28

*Setting the capture format* ..... 31

*Displaying the project item names and label colors* ..... 31

*Setting up the scratch disks* ..... 32

*Setting up Project Auto Save location* ..... 32

*CC Libraries downloads* ..... 33

*Choosing ingest settings.*..... 34

*Importing projects from Final Cut Pro*..... 36

*Importing Avid Media Composer projects* ..... 37

Setting up a sequence ..... 38

*Creating a sequence that automatically matches your source.* ..... 39

*Choosing the correct preset* ..... 39

*Customizing a sequence preset* ..... 42

*Understanding track types* ..... 43

*Understanding submixes* ..... 45

Review Questions..... 46

Review Answers ..... 47

**3 IMPORTING MEDIA 48**

Getting started ..... 50

Importing assets..... 50

*When to use the Import command* ..... 50

*When to use the Media Browser.*..... 51

Working with ingest options and proxy media ..... 52

Working with the Media Browser ..... 55

*Following a file-based camera workflow* ..... 55

*Understanding supported video file types* ..... 56

*Finding assets with the Media Browser.*..... 56

Importing images..... 59

*Importing flattened Adobe Photoshop files* ..... 60

*Importing layered Adobe Photoshop files.*..... 60

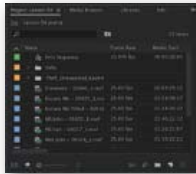

*Importing Adobe Illustrator files* ..... 62

*Importing subfolders* ..... 63

Using Adobe Stock. .... 63

|                                   |    |
|-----------------------------------|----|
| Customizing the media cache ..... | 64 |
| Recording a voice-over .....      | 65 |
| Review Questions .....            | 67 |
| Review Answers .....              | 67 |

#### **4 ORGANIZING MEDIA 68**

|  |    |
|--|----|
| Getting started .....                            | 70 |
| Using the Project panel .....                    | 70 |
| <i>Customizing the Project panel</i> .....       | 71 |
| <i>Finding assets in the Project panel</i> ..... | 73 |
| Working with bins .....                          | 75 |
| <i>Creating bins</i> .....                       | 76 |
| <i>Managing media in bins</i> .....              | 77 |
| <i>Changing bin views</i> .....                  | 78 |
| <i>Assigning labels</i> .....                    | 80 |
| <i>Changing names</i> .....                      | 81 |
| <i>Customizing bins</i> .....                    | 81 |
| <i>Having multiple bins open at once</i> .....   | 83 |
| Monitoring footage .....                         | 83 |
| <i>Lowering the playback resolution</i> .....    | 85 |
| <i>Getting timecode information</i> .....        | 86 |
| <i>Using essential playback controls</i> .....   | 87 |
| <i>Customizing the monitors</i> .....            | 88 |
| Modifying clips .....                            | 89 |
| <i>Adjusting audio channels</i> .....            | 89 |
| <i>Merging clips</i> .....                       | 90 |
| <i>Interpreting video footage</i> .....          | 91 |
| <i>Working with raw files</i> .....              | 92 |
| Review Questions .....                           | 94 |
| Review Answers .....                             | 95 |

#### **5 MASTERING THE ESSENTIALS OF VIDEO EDITING 96**

|  |     |
|--|-----|
| Getting started .....                      | 98  |
| Using the Source Monitor .....             | 98  |
| <i>Loading a clip</i> .....                | 99  |
| <i>Loading multiple clips</i> .....        | 100 |
| <i>Using Source Monitor controls</i> ..... | 101 |
| <i>Selecting a range in a clip</i> .....   | 101 |
| <i>Creating subclips</i> .....             | 104 |

|   |     |
|---|-----|
| Navigating the Timeline.....                          | 105 |
| <i>What is a sequence?</i> .....                      | 107 |
| <i>Opening a sequence in the Timeline panel</i> ..... | 107 |
| <i>Understanding tracks</i> .....                     | 108 |
| <i>Targeting tracks</i> .....                         | 109 |
| <i>Using In and Out marks</i> .....                   | 110 |
| <i>Using time rulers</i> .....                        | 112 |
| <i>Customizing track headers</i> .....                | 112 |
| Using essential editing commands .....                | 113 |
| <i>Overwrite edit</i> .....                           | 113 |
| <i>Insert edit</i> .....                              | 114 |
| <i>Three-point editing</i> .....                      | 116 |
| <i>Storyboard editing</i> .....                       | 117 |
| Review Questions.....                                 | 121 |
| Review Answers .....                                  | 121 |

## **6 WORKING WITH CLIPS AND MARKERS 122**

|  |     |
|--|-----|
| Getting started .....  | 124 |
| Using Program Monitor controls.....                                | 124 |
| <i>What is the Program Monitor?</i> .....                          | 124 |
| <i>Adding clips to the Timeline with the Program Monitor</i> ..... | 126 |
| Setting the playback resolution .....                              | 129 |
| <i>Changing playback resolution</i> .....                          | 130 |
| <i>Changing resolution when playback is paused</i> .....           | 131 |
| Playing back VR video.....   | 132 |
| Using markers .....  | 133 |
| <i>What are markers?</i> .....                                     | 133 |
| <i>Exploring the types of markers</i> .....                        | 134 |
| <i>Automating the editing to markers</i> .....                     | 137 |
| <i>Finding clips in the Timeline</i> .....                         | 139 |
| Using Sync Lock and Track Lock .....                               | 140 |
| <i>Using sync locks</i> .....                                      | 140 |
| <i>Using track locks</i> .....                                     | 141 |
| Finding gaps in the Timeline .....                                 | 141 |
| Selecting clips .....  | 142 |
| <i>Selecting a clip or range of clips</i> .....                    | 142 |
| <i>Selecting all the clips on a track</i> .....                    | 143 |
| <i>Selecting audio or video only</i> .....                         | 143 |
| <i>Splitting a clip</i> .....                                      | 144 |

|   |     |
|---|-----|
| <i>Linking and unlinking clips</i> .....                | 144 |
| Moving clips.....                                       | 145 |
| <i>Dragging clips</i> .....                             | 145 |
| <i>Nudging clips</i> .....                              | 146 |
| <i>Rearranging clips in a sequence</i> .....            | 147 |
| <i>Using the clipboard</i> .....                        | 148 |
| Extracting and deleting segments .....                  | 148 |
| <i>Performing a lift edit</i> .....                     | 148 |
| <i>Performing an extract edit</i> .....                 | 149 |
| <i>Performing a delete and ripple delete edit</i> ..... | 149 |
| <i>Disabling a clip</i> .....                           | 150 |
| Review Questions.....                                   | 151 |
| Review Answers .....                                    | 151 |

## **7 ADDING TRANSITIONS 152**

|  |     |
|--|-----|
| Getting started .....  | 154 |
| What are transitions?.....   | 155 |
| <i>Knowing when to use transitions</i> .....                               | 155 |
| <i>Implementing best practices with transitions</i> .....                  | 156 |
| Using edit points and handles.....   | 156 |
| Adding video transitions .....   | 157 |
| <i>Applying a single-sided transition</i> .....                            | 158 |
| <i>Applying a transition between two clips</i> .....                       | 159 |
| <i>Applying transitions to multiple clips at once</i> .....                | 161 |
| Using A/B mode to fine-tune a transition .....                             | 163 |
| <i>Changing parameters in the Effect Controls panel</i> .....              | 163 |
| <i>Using a Morph Cut effect</i> .....                                      | 165 |
| <i>Dealing with inadequate (or nonexistent) head or tail handles</i> ..... | 166 |
| Adding audio transitions.....  | 168 |
| <i>Creating a crossfade</i> .....  | 168 |
| <i>Applying audio transitions</i> .....                                    | 169 |
| Review Questions.....  | 171 |
| Review Answers .....   | 171 |

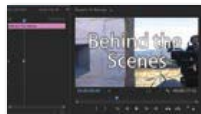

## **8 PERFORMING ADVANCED EDITING TECHNIQUES 172**

|   |     |
|---|-----|
| Getting started .....                             | 174 |
| Performing four-point editing.....                | 174 |
| <i>Editing options for four-point edits</i> ..... | 174 |
| <i>Making a four-point edit</i> .....             | 175 |

|   |     |
|---|-----|
| Changing playback speed.....  | 176 |
| <i>Changing the speed/duration of a clip</i> .....                  | 178 |
| <i>Changing the speed/duration with the Rate Stretch tool</i> ..... | 180 |
| <i>Changing the speed/duration with time remapping</i> .....        | 180 |
| Replacing clips and footage.....                                    | 183 |
| <i>Dragging in a replacement clip</i> .....                         | 183 |
| <i>Making a replace edit</i> .....                                  | 184 |
| <i>Using the Replace Footage feature</i> .....                      | 185 |
| Nesting sequences.....  | 186 |
| <i>Adding a nested sequence</i> .....                               | 187 |
| Performing regular trimming.....                                    | 188 |
| <i>Trimming in the Source Monitor</i> .....                         | 188 |
| <i>Trimming in a sequence</i> .....                                 | 188 |
| Performing advanced trimming .....                                  | 189 |
| <i>Making ripple edits</i> .....                                    | 189 |
| <i>Making rolling edits</i> .....                                   | 191 |
| <i>Making sliding edits</i> .....                                   | 191 |
| <i>Making slip edits</i> .....                                      | 192 |
| Trimming in the Program Monitor .....                               | 193 |
| <i>Using Trim mode in the Program Monitor</i> .....                 | 194 |
| <i>Choosing a trimming method in the Program Monitor</i> .....      | 195 |
| <i>Performing dynamic trimming</i> .....                            | 197 |
| <i>Trimming with the keyboard</i> .....                             | 198 |
| Review Questions.....   | 199 |
| Review Answers .....  | 199 |

**9 PUTTING CLIPS IN MOTION 200**

|  |     |
|--|-----|
| Getting started .....                                      | 202 |
| Adjusting the Motion effect.....                           | 202 |
| <i>Understanding Motion settings</i> .....                 | 203 |
| <i>Examining Motion properties</i> .....                   | 205 |
| Changing clip position, size, and rotation.....            | 207 |
| <i>Changing position</i> .....                             | 207 |
| <i>Reusing Motion settings</i> .....                       | 209 |
| <i>Adding rotation and changing the anchor point</i> ..... | 210 |
| <i>Changing clip size</i> .....                            | 211 |
| <i>Animating clip size changes</i> .....                   | 214 |

|   |     |
|---|-----|
| Working with keyframe interpolation.....                    | 216 |
| <i>Using different keyframe interpolation methods</i> ..... | 216 |
| <i>Adding Ease to Motion</i> .....                          | 218 |
| Using other motion-related effects.....                     | 219 |
| <i>Adding a drop shadow</i> .....                           | 219 |
| <i>Adding a bevel</i> .....                                 | 220 |
| <i>Adding motion with the Transform effect</i> .....        | 222 |
| <i>Manipulating clips in 3D space with Basic 3D</i> .....   | 224 |
| Review Questions.....                                       | 226 |
| Review Answers.....   | 227 |

## 10 MULTICAMERA EDITING 228

|  |     |
|--|-----|
| Getting started.....                                       | 230 |
| Following the multicamera process.....                     | 230 |
| Creating a multicamera sequence.....                       | 231 |
| <i>Determining the sync points</i> .....                   | 231 |
| <i>Adding clips to a multicamera source sequence</i> ..... | 232 |
| <i>Creating the multicamera target sequence</i> .....      | 234 |
| Switching multiple cameras.....                            | 235 |
| <i>Performing a multicamera edit</i> .....                 | 235 |
| <i>Re-recording multicamera edits</i> .....                | 237 |
| Finalizing multicamera editing.....                        | 238 |
| <i>Switching an angle</i> .....                            | 238 |
| <i>Flattening a multicamera edit</i> .....                 | 238 |
| Review Questions.....                                      | 239 |
| Review Answers.....  | 239 |

## 11 EDITING AND MIXING AUDIO

|  |     |
|--|-----|
| Getting started.....                             | 242 |
| Setting up the interface to work with audio..... | 242 |
| <i>Working in the Audio workspace</i> .....      | 243 |
| <i>Defining master track output</i> .....        | 245 |
| <i>Using the audio meters</i> .....              | 246 |
| <i>Viewing samples</i> .....                     | 246 |
| <i>Showing audio waveforms</i> .....             | 248 |
| <i>Working with standard audio tracks</i> .....  | 249 |
| <i>Monitoring audio</i> .....                    | 250 |
| Examining audio characteristics.....             | 250 |

|   |     |
|---|-----|
| Creating a voice-over “scratch track”               | 252 |
| Adjusting audio volume                              | 253 |
| <i>Adjusting audio in the Effect Controls panel</i> | 253 |
| <i>Adjusting audio gain</i>                         | 255 |
| <i>Normalizing audio</i>                            | 255 |
| Creating a split edit                               | 257 |
| <i>Adding a J-cut</i>                               | 258 |
| <i>Adding an L-cut</i>                              | 258 |
| Adjusting audio levels for a clip                   | 258 |
| <i>Adjusting overall clip levels</i>                | 259 |
| <i>Keyframing volume changes</i>                    | 260 |
| <i>Smoothing volume between keyframes</i>           | 260 |
| <i>Using clip vs. track keyframes</i>               | 261 |
| <i>Working with the Audio Clip Mixer</i>            | 261 |
| Review Questions                                    | 263 |
| Review Answers                                      | 263 |

## 12 SWEETENING SOUND 264

|                                     |     |
|-------------------------------------|-----|
| Getting started                     | 266 |
| Sweetening sound with audio effects | 266 |
