

DONATE TOYS TO OUR CARINGKIDS TOY STORE

New and preloved (suitable for resale) toys can be dropped off at the CaringKids Toy Store stall at Bondi Beach Sunday markets between 10am and 4pm. Check our website or social media for an up-to-date market schedule.

CaringKids helps young people who care for family members with chronic illness or disabilities to lead healthier, happier lives. Established in 2014, the non-profit organisation operates in Sydney's east, south and south-west suburbs to provide practical support to young carers based on need. There are an estimated 2-3 young carers in every classroom. On top of their own studies, they may be responsible for cooking, laundry, minding younger siblings as well as assisting their family member with personal care

The funds raised by reselling toys at the CaringKids Toy Store will be used by CaringKids to give these young people a break with sport or recreation activities, or to provide financial aid for items such as the cost of a school excursion, buying sports equipment or getting a homework desk.

Please read below for the items that we gladly receive.

We can accept new and pre-loved toys, books and puzzles that are:

- Suitable for resale (not broken or damaged)
- Brand new in box (unopened and unused)

We are unable to accept:
