**RE: PLEASE HELP MR. COBBLE; PROTECTING THE PATENT
PROCESS IS A MATTER OF OUR NATIONAL SECURITY**

Dear President Obama,

I have learned about the problem Daniel Cobble is having with trying to get his patent application approved by the U.S. Patent Office. Please correct this situation by requiring the Patent Office to treat Mr. Cobble fair and just. Please instruct the Patent Office to re-instate his patent application from abandonment, and **no more hanky-panky.**

As you well know, Mr. President, if this problem is allowed to go unchecked, it then becomes a NATIONAL SECURITY matter, whereas the intellectual property (inventions) of Our citizens can be tampered-with and even taken away by the Patent Office. Our nation / communities then loose proprietary control over these inventions.

Mr. President, please help to correct this situation. Thank you for your consideration of this very important matter.

Very truly yours,
