

# COMMUNITY BOARD

For Immediate Release

Community Council of Idaho

Roberts, Idaho November 1, 2016

Insurance Ready. Be Prepared.

## **Navigating healthcare**

November 1, 2016 (Roberts, ID) - The Community Council of Idaho (Idaho CC) would like to invite the general community to two workshops provided by our Community Family Clinic. They will take place this Saturday, November 5 in Roberts and Menan, Idaho. Learn which options are available with health insurance on the Idaho marketplace. It is important to consider the deductibles, premiums, coinsurance, and copayments when choosing your health plan. You'll be helped to compare plans and see if you qualify for reduced costs before applying. Know that all plans on the Marketplace cover preventive care; exams, immunizations, and other preventive services are covered without having to pay the deductible. Do not let another year pass without these benefits for you and your family.

## **Navegando el cuidado de salud**

Noviembre 1, 2016 (Roberts, ID) - El Concilio Comunitario de Idaho (CC Idaho) desea invitar a la comunidad a dos talleres que ofrecerá nuestra Clínica Comunitaria, Familiar. Se llevaran acabo este Sábado, 5 de Noviembre en Roberts y Menan. Aprendan con nosotros cuáles son sus opciones en el Mercado de Seguros aquí en Idaho. Es importante considerar los deducibles, primas, coseguro y copagos al momento de elegir un plan de salud. Usted puede comparar los planes y ver si califica para los costos reducidos antes de solicitar. Todos los planes del Mercado cubren el cuidado preventivo. Exámenes, vacunas y otros servicios preventivos están cubiertos sin necesidad de pagar el deducible. No permitan que pase otro año sin estos beneficios para usted y su familia.
